CHAPTER 2

THE FORGOTTEN MEMORIES

JACK POTENCIANO KNIFE

Is an unemployed college dropout who depends solely on what he earns from joining the illegal underground contact fighting organization called...

UB
UNDERGROUND BAKBAKAN
(UNDERGROUND BRAWL)

"Underground Brawl". UB is an ultimate fighting tournament that doesn't follow the standard rules of the official sport, UFC (Ultimate Fighting Championship). Consequently, this tournament is hidden from the public and has become a playground for the upper class. The organization was founded in the 1970's by the leaders of three powerful cities in the South East: The Imperial. Glazingworth, and the City of Neverfall.

This also stems from the general public's defeat versus the corrupt government when "Frederick's Code Domination" took place during those years of their revolution.

RECAP

The guest veteran fighter, "Hotdog Prince", won in his match against the rookie, Jack Knife. The rookie wasn't very happy about his first loss...
